AMENDING CHAPTER 5, ARTICLE VIII, SAN FRANCISCO ADMINISTRATIVE CODE, BY AMENDING SECTION 5.74 THEREOF, RELATING TO THE SUBMISSION OF BALLOT ARGUMENTS; AN EMERGENCY MEASURE.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Chapter 5, Article VIII of the San Francisco Administrative Code is hereby amended by amending Section 5.74 thereof, so that the same shall read as follows:

SEC. 5.74 SUBMISSION OF ARGUMENTS; ADVERTISING.

Any individual voter, group of voters, or association of citizens, or any combination thereof, upon deposit of an amount sufficient to defray the cost of printing as estimated by the Registrar of Voters, may submit to the Registrar of Voters for action pursuant to the provisions of this Article, a written argument for or against any measure which is to be voted on at any election in the City and County. Said argument shall be filed with the Registrar of Voters not less than ((60)) 81 days prior to the election at which the related measure is to be voted upon.

The Registrar of Voters shall, between the 91st day and the 85th day prior to any election, publish, on three separate occasions, a notice in the official newspaper that arguments may be submitted for or against any measure to be voted upon at said election. Said election. Said notice need not include a description of said measures. The Registrar of Voters shall also distribute a new release relating to the submission or arguments to such other newspapers, radio and television stations as he deems will best inform persons of their right to submit such arguments and to examine such arguments for a

20-day period from the 80th day prior to the election at which the related measure is to be voted on to and including the 61st day prior to said election, as provided by California Elections Code Sections 3795 and 5025.

Section 2. This ordinance is passed as an emergency measure pursuant to Charter Section 2.301 and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists which necessitates that this ordinance be made effective forthwith. The nature of the emergency is:

Recent amendments to the California Elections Code contemplate a 20 day period in which the public may examine ballot arguments submitted for inclusion in the voter's pamphlet. These amendments also contemplate implementation of the 20 day examination period at both the county and city level. The instant ordinance is proposed to harmonize the City and County of San Francisco's ballot measure argument procedures with those contemplated by the recent amendments and therefore the instant ordinance proposes to change the deadlines required for submission of ballot measure arguments to the registrar of voters, and to require that arguments be open to public inspection for 20 days. Unless this ordinance is adopted as an emergency measure which will take effect immediately upon passage, it will not have been adopted in time to be implemented in accord with the Board of Supervisors's schedule of dates for action on charter amendments proposed for submission at the election of November 3, 1981.

Section 1. The San Francisco Administrative Code is hereby amended by repealing, effective January 2, 1982, Sections 16.10 through 16.16-2, which read as follows:

Sec. 16.10. Definitions.

(d) "Continuous service for the first five years of service" shall be considered to be continuous if during such period there is no permanent separation from the service.

(e) "Employee" shall include officer, other than elected officer.

Sec. 16.11. Calculation of Vacations.

(a) Continuous service shall not be deemed to have been breached by civil service employees who have completed an entrance probationary period or by permanent exempt employees who have served six months, because of absence from city and county service due to (1) duly authorized leave, or (2) layoff due to lack of work or funds. Continuous service shall be deemed to have been breached by an employee holding a limited tenure appointment who is laid off for any reason and is not reappointed to a position in the service of the city and county within six months of said layoff.

(b) Vacation allowance provided for in section 8.440 of the charter shall be awarded every January 1 and shall be reduced by one-twelfth of the total annual vacation allowance for each twenty-six accumulated working days or absence without pay since the last vacation, except as provided in (c) below; provided, however, that no reduction shall be made for the first fifty-two working days of absence without pay while on any authorized leave, nor for any period in which an employee is absent due to suspension or workmans compensation. The total amount of reduction shall be adjusted to the nearest one-half day. Such days of absence need not be consecutive. Where applicable,

///

thirty calendar days of absence shall be used for the purpose of this subsection in lieu of twenty-six working days.

(c) Vacation rights for employees absent on military leave are governed by the military and veterans code except as provided herein. No vacation deduction shall be made for absence on temporary military leave for a period of ordered leave which does not exceed six (6) months excluding the time involved in going to and returning from such duty. An employee absent on military leave other than temporary duty as herein defined, shall not be entitled to earn vacation credit for such period of absence provided that periods of extended military leave shall not interrupt service for the purpose of the calculation of the first year or fifth year of continuous service. Vacation allowance in the calendar year of return from extended military shall be reduced by one-twelfth of the total annual vacation allowance for each month of such absence in such calendar year of return; provided that an employee who did not earn or was unable to use vacation allowance during the calendar year in which extended military leave began shall be entitled to vacation allowance in the calendar year of return based on the period of time served in the city and county service in both the year of entry and the year of return from military leave, but not to exceed full vacation allowance for the calendar year of return.

(d) For members of the uniformed force of the fire department working under the tour system, a week for vacation purposes shall be considered to be that period which includes five (5) successive work days.

Sec. 16.12. Accumulation of Vacations.

(a) Except as provided in section 16.16, and subject to the maximum accumulation allowance of thirty working days as provided by charter, the following shall apply:

1. Employees with less than five years of continuous service may elect not to take their entire vacation in any one year and may carry over not more than five working days a year; provided, however, that

2. Employees with five years and up to but not including fifteen years of continuous service may in any one year and upon approval of their appointing officer carry over not more than ten working days for use in future years; and provided further that

3. Employees entitled to twenty working days vacation a year may elect not to take more than five working days in any one year and may carry over not more than fifteen working days a year for use in future years.

(b) Employees in their final year of service may with the approval of their appointing officer elect to receive a cash payment in lieu of vacation due at the time of separation, provided that the appointment and payment of a replacement for the period of time represented such cash payment in lieu of vacation is not required. In lieu of such cash payment an employee who separates from city service and who without interruption in his service is appointed to any governmental agency whose employees are eligible for membership in the San Francisco city and county retirement system may elect to transfer such accumulated vacation to such agency if the agency by rule or regulation permits the crediting of such accumulated vacation.

(c) Appointing officers may not appoint replacements for employees on vacation unless funds have been appropriated for vacation relief.

Sec. 16.13. Employees Governed by Charter Section 8.403.

For those employees whose wages and working conditions are fixed in accordance with the provisions of section 8.403 of the charter, any holiday which by the collective bargaining agreement covering such group or craft is not deemed a paid holiday, occurring during the period of the employee's vacation, shall be considered as a day off without pay and shall not be considered as a day chargeable to the employee's vacation allowance.

Sec. 16.14. Vacation Schedules.

(a) Each appointing officer shall establish a department vacation schedule prior to June 1st of each year and employees shall furnish the appointing officer with information concerning vacation preferences prior to the establishment of such vacation schedule. Appointing officers shall give due regard to seniority of employees and the needs of the service. Any such schedule may be amended by the appointing officer at any time, provided, however, that in the event of a dispute concerning the time assigned to the employee for his vacation, the decision of the appointing officer shall prevail; with the exception that unless an emergency situation exists requiring the immediate presence of an employee, the request of employee that vacation shall begin on the day immediately following the employee's normal days off shall be granted.

(b) Vacation periods may be taken on an intermittent daily basis; provided, however, that any employee who is entitled to a vacation allowance of five or more working days shall take at least one full week of his vacation at one time annually.

(c) Uniformed employees of the fire department shall be exempt from the provisions of subsection (b); provided, however, vacation periods of such employees shall not be for less than five working days except where such employee is entitled to less than five working days; or when an employee who has started a vacation is disabled because of illness or recurrence of an injury during such vacation. Provided, further, such employees may, on approval of the appointing officer, schedule five working days of their vacation on an intermittent daily basis.

(d) No employee shall be allowed a vacation prior to the expiration of one calendar year from his beginning date.

(e) Prior to February 1st of each year every department shall file with the civil service commission and the controller a report which shall include, in addition to all other information required by the civil service commission and the controller, the number of vacation days which each employee accumulated from the immediately preceding year, together with the total number of unused vacation days accumulated by each employee for all prior years.

Sec. 16.15. Vacation for Employees in Temporary Positions.

The civil service commission is hereby directed to enact the necessary rules concerning vacations of persons occupying temporary positions, with due regard for the fact that such persons, where qualified under the charter and this ordinance,

are entitled to a vacation in the same manner as employees in permanent positions. Such rule or rules shall not become effective until ratified by ordinance of the board of supervisors.

Sec. 16.15-1. Temporary Employees.

Employees occupying positions under temporary appointment shall be governed by the provisions of this article, except as herein provided. Temporary appointees establish their right to a first vacation after the expiration of one calendar year beginning from the date of their appointment, provided that such first vacation may not be claimed until the anniversary date of appointment. Such employment may be under either certification, emergency appointment or appointment exempt from civil service.

Temporary appointees who have established their right to a first vacation shall thereafter have their vacation allowance computed in accordance with section 16.11 (b). A temporary appointee who is not employed in the city and county service for more than six months from his prior appointment must re-establish vacation eligibility.

Sec. 16.16. Vacations for Employees on Disability Leave.

Employees who are absent from duty because of temporary disability arising out of and in the course of their employment and who are governed by the Worker's Compensation Law of the State of California or the industrial disability provisions of Charter Section 8.515 or 8.516 shall not lose any vacation rights by virtue of such absence. Such employee shall receive full cash

payment for that portion of unused vacation which is in excess of the maximum accumulation allowance specified in Charter Section 8.440(b) at the end of the employee's vacation year if said excess is the result of an industrial injury.

Sec. 16.16-1. Restrictions on Use of Vacation Time.

Employees shall not accept paid employment elsewhere while on vacation; provided, however, that when approved by the civil service commission, employment as election officers of the City and County of San Francisco, pursuant to section 9.106 of the charter, shall be deemed not to constitute employment for the purposes of this section. If any employee does accept paid employment while on vacation, except as set forth herein, he shall forfeit the vacation compensation to which he is otherwise entitled.

Sec. 16.16-2. Vacation Charges between Departments.

The controller shall establish procedures for the method of payment of salaries to employees entitled to vacation from service in two or more departments of the city and county.

Section 2. The San Francisco Administrative Code is hereby amended by adding, effective January 2, 1982, Sections 16.10 through ~~16.16-1~~ 16.16-2 thereto, reading as follows:

///

///

///

Sec. 16.10 Definitions.

(a) "Continuous service" for vacation purposes means service pursuant to a regular schedule which is not interrupted by a breach in paid service. The service of employees who are appointed for part-time as needed work and not assigned to a regular schedule shall not constitute "continuous service" for vacation purposes. Any dispute over whether an employee is assigned to a regular or an irregular schedule shall be finally decided by the Civil service Commission.

(b) "Employee" means "Every person employed in the city and county service" which, as used in Charter Sec. 8.440 includes the classified employees of the City and County of San Francisco as provided in Sec. 3.661 of the Charter and classified personnel of the San Francisco Unified School District and Community College District, and officers, other than elected officers.

(c) "Paid service" means paid service with the city and county of San Francisco or the San Francisco Unified School District or the Community College District, as applicable, and includes overtime for employees who are eligible for overtime pay under the administrative provisions of the Annual Salary Standardization Ordinance, except that no employee shall be credited with more than 2080 hours of paid service in any calendar year for purposes of computing the vacation allowance.

(d) "Temporary disability" means temporary disability pursuant to the Worker's Compensation Laws of the State of California or the industrial disability provisions of Charter Sections 8.515 or 8.516.

(e) "Vacation with pay" means the compensation the employee would earn during the vacation period if the employee

had worked during that same period, without the inclusion of overtime earnings.

(f) "Annual entitlement" means the maximum vacation allowance an employee may accrue pursuant to Charter Sec. 8.440, as follows:

(1) 10 working days per year for each year of continuous service after the first year of continuous service;

(2) 15 working days per year for each year of continuous service after 5 years of continuous service;

(3) 20 working days per year for each year of continuous service after 15 years of continuous service.

Sec. 16.11. Calculation of Vacations.

(a) Continuous service shall not be deemed to have been breached:

(1) by an employee because of absence from service due (a) to duly authorized leave, or (b) to layoff due to lack of work or funds unless the employee is holding a temporary or limited tenure appointment and is not reappointed to the service within six months of being laid off; or

(2) by a permanent school term employee because of a period when schools are not normally in session; or

(3) by a permanent employee who resigns in good standing and is reappointed to a position in the service within six months from the effective date of resignation; or

(4) by a temporary employee who has completed one year of continuous service who resigns in good standing

and is reappointed to a position within six months;

(5) by an employee who has resigned from a position with services certified as other than satisfactory by the appointing officer if the employee is granted reappointment rights by the Civil Service Commission and is reappointed to a position in the service within six months from the effective date of resignation.

(b) For purposes of determining the vacation allowance the anniversary date for an employee shall be the first date of employment in the current period of continuous service.

(c) No employee is entitled to a vacation allowance until the employee has completed one year of continuous service. At the end of one year of continuous service, the employee shall be awarded a vacation allowance computed at the rate of .0385 of an hour for each hour of paid service in the preceding year.

(d) An employee who has completed one year of continuous service shall accrue a vacation allowance at the rate of .0385 of an hour for each hour of paid service. An employee who has completed five years of continuous service shall accrue a vacation allowance at the rate of .0577 of an hour for each hour of paid service. An employee who has completed 15 years of continuous service shall accrue a vacation allowance at a rate of .077 of an hour for each hour of paid service.

(e) An employee shall be awarded the employee's vacation allowance on January 1 of the year following the year in which the allowance is accrued. An employee's vacation allowance accrual shall be computed on the basis of a maximum of 2080 work hours per year and is subject to the charter limitations on annual entitlement.

(f) At the end of five years of continuous service, the employee shall receive a one-time vacation allowance award computed at the rate of .0192 of an hour (.0577 minus .0385) for each hour of paid service in the preceding year. At the end of fifteen years of continuous service, the employee shall receive a one-time vacation allowance award computed at the rate of .0193 (.0770 minus .0577) of an hour for each hour of paid service in the preceding year.

(g) The vacation allowance for an employee receiving temporary disability benefits shall be computed on the basis of the number of hours in the employee's regular work schedule effective at the commencement of the disability. An employee who has received a permanent disability award and who does not return to employment because of such disability is not entitled to accrue a vacation allowance.

(h) The factor for earning vacation allowance for members of the uniformed force of the fire department shall be administered in a manner consistent with the intent of this ordinance and approved by the general manager, personnel.

Sec. 16.12. Accumulation of Vacations

Subject to the maximum accumulation allowance of 30 working days in excess of the employee's annual vacation award, an employee may elect not to take his or her entire vacation in any one year.

///

///

///

///

Sec. 16.13. Effect of Separation Upon Vacation.

(a) An employee who is separated from the service shall be deemed to have been awarded the vacation allowance accrued in the calendar year of separation, except that for an employee whose continuous service began before January 1, 1981, the amount of vacation allowance deemed accrued in the calendar year of separation is limited to the amount accrued, if any, between the employee's anniversary date in that calendar year and the date of the employee's separation from the service.

(b) An employee in the final year of service may with the approval of the appointing officer elect to receive a cash payment in lieu of vacation due at the time of separation, provided that the appointment and payment of a replacement for the period of time representing such cash payment in lieu of vacation is not required. In lieu of such cash payment an employee who separates from city service and who without interruption in service is appointed to any governmental agency whose employees are eligible for membership in the San Francisco City and County retirement system may elect to transfer such accumulated vacation to such agency if the agency by rule of regulation permits the crediting of such accumulated vacation.

Sec. 16.14. Vacation Schedules.

(a) Appointing officers are responsible for approving vacation schedules. In approving vacation schedules, the appointing officers shall give due regard to employee seniority and preference and the needs of the service. Unless an emergency situation exists requiring the immediate presence of an employee,

an employee shall be allowed to begin a vacation on the day immediately following the employee's normal days off.

(b) With the approval of the appointing officer, an employee's vacation allowance may be taken in increments of not less than one hour.

(c) Except as requested by the employee to supplement disability benefits, the vacation allowance of an employee who has started a vacation and who suffers a recurrence of an industrial injury or illness during such vacation, and who is entitled to and receives temporary disability benefits shall not be charged for periods in which the employee receives disability benefits.

(d) Every department shall maintain records which shall include, in addition to all other information required by the civil service commission and the controller, the employee's accumulated vacation allowance. Such records shall be available for inspection and audit by the civil service commission and controller. When an employee accepts a permanent appointment to another department the employee's vacation and sick leave records shall be transferred by the first department to the second department.

Sec. 16.15. Use of Partial Vacation to Supplement Disability Leave.

An employee who is absent from duty because of temporary disability caused by injury arising out of and in the course of employment may use his or her vacation allowance to supplement disability benefits, provided that when the vacation allowance payment is added to the disability benefits payable under the

workers' compensation law, the employee's bi-weekly payment will not exceed the normal salary of the employee for the regular work schedule effective at the commencement of the disability. The vacation allowance payment shall be authorized on separate payrolls or timerolls prepared by the department in which the employee serves after certification by the retirement system of the amount of the disability benefits, if any, paid for the period. Notwithstanding the foregoing, an employee receiving disability benefits who, with the annual vacation allowance award, has a vacation allowance in excess of the maximum accumulation allowance of 30 working days in excess of the employee's annual entitlement shall receive a cash payment for the excess amount.

Sec. 16.16. Vacation Charges between Departments.

The controller shall establish procedures for the method of payment of salaries to employees entitled to vacation from service in two or more departments of the city and county.

Sec. 16.16-1. Conversion of Vacation Balance from Days to Hours.

Except for members of the uniformed ranks of the fire department, as of January 1, 1982 vacation balances shall be converted from days to hours based on the equivalent number of hours in the employee's normal work schedule in effect on the effective date of this ordinance, except if the general manager, personnel, determines that such conversion is inequitable and allows another method to be used. The general manager, personnel, shall convert the vacation balances for members of the

uniformed ranks of the fire department based on the system for computing vacation for these employees provided herein.

Sec. 16.16-2. Review.

On or before September 1, 1982, the civil service commission shall report to the legislative and personnel committee of the board of supervisors on the status of the implementation of this ordinance and the systems designed therefor.

AMENDING PART II, CHAPTER II OF THE SAN FRANCISCO MUNICIPAL CODE (CITY PLANNING CODE) BY AMENDING SECTION 126(e)3 THEREOF TO EXTEND THE INTERIM PERIOD OF TIME FOR LIMIT TO C-3 ZONING DISTRICT DEVELOPMENT BONUSES ADOPTED UNDER ORDINANCE NO. 240-80 FROM JULY 1, 1981 TO SEPTEMBER 1, 1981.

Be it ordained by the people of the City and County of San Francisco:

Section 1. Pursuant to Resolution of the Board of Supervisors adopting the final negative declaration as its own, and pursuant to Section 302(e) of the City Planning Code Article 1.2 of Part II, Chapter II of the San Francisco Municipal Code (City Planning Code) is hereby amended by amending Section 126 to read as follows:

Section 126. DEVELOPMENT BONUSES, C-3 DISTRICTS. (The provisions of Subsections (a), (b),(c) and (d) below are limited, for an interim period of time, as provided in Subsection (e) below).

SEC.126. DEVELOPMENT BONUSES, C-3 DISTRICTS. (a) In any C-3 district, the development bonuses specified in the following table, where applicable, may be added to the basic floor area ration limit to determine the maximum floor area ratio for a building or development. Each building feature, and the unit of feature upon which the bonus is based, are more fully described in and limited by Subsection (b) below. Each separate bonus shall be credited where it applies; except that features 1 and 2 shall be mutually exclusive, and features 8 and 9 shall also be mutually exclusive. The basic allowable gross floor area in each case shall be as specified in Section 124 of this Code, and shall not include any development bonus specified herein or any transferred floor area as specified in Section 127 below.

The primary purposes of these development bonuses are: provision of good access to buildings, and improvement of access to properties, from

improvement of pedestrian movement into and out of buildings, along streets and between streets, provision of pedestrian amenity by means of ground level open space; arrangement of buildings to provide light and air to streets and to other properties and protection and enhancement of views.

TABLE 2

2. Rapid Transit Proximity	Each linear foot by which walking distance to station mezzanine is less than 750 feet	50 (1/3 less if station is for city transit only)	40	40	40	10

7. Plaza	Each creditable square foot of plaza area	10	8	8	6	15
8. Side Setback (Larger of these two bonuses applies)	Each creditable square foot side setback area	6	6	6	3	15
9. Low Coverage at Upper Floors	Reduction of both building dimensions by 20% or more of the lot dimensions	5% of basic allowable gross floor area for the first 20% reduction of building dimensions; 1% for each 3% reduction thereafter				
10. Observation Deck	Provision of observation deck or similar high-level public space	10,000	10,000	10,000	10,000	Not Applicable

(b) The following criteria shall apply to the building features listed in the table in Subsection (a) above, and to the unit of feature therein upon which each bonus is based.

1. Rapid Transit Access. The access shall be to a city or regional rapid transit system, leading directly to a station mezzanine of such system and conforming to the standards of the transit system, the Building Code and other applicable codes. The access shall be entered from a location within the lot lines of the subject lot, either within or outside a building, and shall be open during all business hours common in the area for use by the general public, marked for their use, and easily reached from a street or alley with a minimum sidewalk width of seven feet.

2. Rapid Transit Proximity. This bonus shall be available for any lot within 750 feet walking distance from a designated station mezzanine of a city or regional rapid system, and shall increase in proportion to the closeness of the lot to such mezzanine.

The walking distance shall be measured along streets and alleys with a minimum sidewalk width of five feet, or along passageways conforming to the standards of features 1 above and 6 below. For this purpose, walking distance shall be taken as the shortest distance from any point along the station mezzanine, to any point along a lot line of the subject property from which there is general access to the subject building.

3. Parking Access. The access shall be from the subject building directly to an automobile parking structure located elsewhere than in the areas of concentrated development of the C-3-O and C-3-R districts. Such parking structure may be either part of or separate from the subject building, but if the parking structure is separate it shall be either in the same ownership as the subject building or part of a Planned Unit Development approved under Article 3 of this Code to include both the parking structure and the subject building. The access shall be open during all business hours for use by occupants of or visitors to the subject building and marked for their use, and shall provide a passage with a minimum width of five feet, separated from streets and alleys. A passageway that is proposed to bridge a street or alley or to occupy any other public area shall be reviewed by the City Planning Commission subject to the criteria for Master Plan review under the City Charter and any other criteria that may be applicable. No parking space to which access is credited under this provision shall consist of a space actually required by this Code for any building or use.

4. Multiple Building Entrances. This bonus shall be available where there is more than one major entrance to the subject building, open generally to occupants of the building for both entrance and exit and readily identifiable to them. All such major entrances shall be accessible from streets or alleys with a minimum sidewalk width of five feet, and shall be located at least 50 feet apart along such streets or alleys. Where a building face at ground level is located more than 20 feet inside the lot line along such a street or alley and contains at least one major doorway, each point at 50-foot intervals along such lot line shall be considered a separate major entrance to the building.

5. Sidewalk Widening. The sidewalk widening shall be along a through street or through alley, shall consist of an arcade, cantilever, building setback or plaza, open at all times to the general public, and shall run the full length of the lot along such street or alley except for necessary interruptions by features required for safety by other provisions of law, ordinance or the Municipal Code. The widened area shall be directly accessible from the public sidewalk at both ends and along at least two-thirds of its length, and if not fully open to such sidewalk shall have a minimum clear width of seven feet. The widened area shall have a minimum height of 10 feet, and although it may be occupied in part by columns, building services, landscaping and other features, only areas capable of being walked upon shall be credited in computation of the bonus. The maximum creditable depth of the widened area from the lot line at the street or alley shall be 15 feet in the C-3-R district and 30 feet in the other C-3 districts, or 50 feet from the curb, whichever is less.

[illegible] provision, concerning accessibility, continuity or horizontal dimensions, landscaped open area located as herein provided at ground level, consistent with the purposes of the bonus system and readily visible from a street or alley or permanent public open space, may be credited as sidewalk widening area within the scope of the 15 per cent maximum permitted for the sidewalk bonus in Table 2; provided that the bonus awarded shall be three square feet of floor area for each creditable square foot of such open space.

6. Shortening Walking Distance. The shortening of walking distance shall be computed by comparing walking distances along streets and alleys having a minimum sidewalk width of five feet with distances along walkways through the subject lot that are open during all business hours common in the area for use by the general public. Such a walkway may be either within or outside a building, shall be readily identifiable from the public sidewalk, and shall have a minimum width of 10 feet plus two feet for each side which has shops, lobbies, elevator entrances or similar features along it. Where a walkway passes through two or more lots, the bonus shall be prorated in proportion to the length of walkway on each lot.

7. Plaza. The plaza shall be directly and conveniently accessible to the general public during all business hours common in the area, from either a street or alley with a minimum sidewalk width of five feet, a feature conforming to the standards of 5 or 6 above, or a permanent public open space. The creditable plaza area shall be located at least 20 feet inside the lot lines separating the lot from the streets and alleys, shall have a minimum entrance width of 10 feet, and shall be at least 30 feet in its horizontal dimensions. For the purpose of measuring such minimum

horizontal dimensions space occupied by a feature conforming to the standards of 5 above may be counted for up to one-third of any dimension; however, no area credited under 5 above shall also be credited as plaza area. Up to two-thirds of the surface of the creditable plaza area may be occupied by planting, sculpture, pools and similar features, and the balance shall be suitable for walking, sitting and similar pursuits. Any building servicing requiring the presence of vehicles or goods in the plaza area shall be confined to times other than the business hours common in the area. Encroachments permitted by Section 136 of this Code for usable open space shall be permitted for the creditable plaza area.

Notwithstanding the requirements of this provision concerning accessibility or horizonal dimensions, landscaped open area located as herein provided at ground level, consistent with the purposes of the bonus system and readily visible from a street or alley or permanent public open space, may be credited as plaza area within the scope of the 15 per cent maximum permitted for the plaza bonus in Table 2; provided, that the bonus awarded shall be three square feet of floor area for each creditable square foot of such open area.

8. Side Setback. The side building setback shall extend upward from a height of not more than 40 feet measured at the front of the setback, and shall also extend for the entire depth of the lot. The side setback shall be located either along a lot line which intersects a street or alley and does not itself separate the lot from a street or alley, or in an equivalent position between two buildings or building portions on the same lot exceeding 40 feet in height. The setback area shall be unobstructed to the sky and shall have a minimum width of 20 feet. Setback areas of irregular

width may be credited, provided the minimum width of 20 feet is maintained and no part of the setback area to be credited is separated by a building from the street or alley which the setback intersects. The maximum creditable width of the setback area shall be 50 feet.

9. Low Coverage At Upper Floors. Each open area credited under this bonus shall extend upward unobstructed from a height of not more than 80 feet measured at the front of such open area, and shall also extend for the entire width or depth of the lot. The bonus shall be based upon reduction of both the over-all width and the over-all depth of the building by a minimum of 20 per cent of the respective lot dimensions, with additional bonus awarded as both such dimensions of the building are further reduced. Where the building is not located parallel to any of the lot lines, the over-all dimensions of the building shall be measured as appropriate to the specific siting of the building in relation to the lot and to streets and alleys.

10. Observation Deck. The observation deck or similar public space shall be located at or above the 20th story of the building and shall be of sufficient size to accommodate at least 50 persons at one time. Such space shall be advertised at ground level, and shall be open during the day and evening to the general public without the necessity of their doing business in the building other than paying an admission fee for the sole purpose of gaining access to the observation area.

(c) In application of the bonuses provided for in this section, the Zoning Administrator shall follow such procedures, including placing of restrictions on the land records and other actions, as the Zoning Administrator may deem appropriate to assure the provision and retention of such building features as are credited

in order to meet the requirements of this Code.

(d) In the C-3-O district, notwithstanding the development bonuses afforded by Subsections (a), (b) and (c) of this section, and in lieu of any and all such development bonuses, for a lot or portion thereof which is defined by this Code as a corner lot, a floor area premium may be added by increasing the area of the lot or portion, for purposes of determining the maximum floor area ratio for the building or development on such lot, by 20 per cent.

(e) The provisions of Subsections (a), (b), (c) and (d) above shall be modified by interim controls on development bonuses as described below:

1. Purposes. These interim controls are adopted in order to prevent conditions in the downtown area from substantially changing during the period in which comprehensive revisions to the downtown zoning provisions are prepared and considered for adoption, while continuing to provide for hotel and residential development which supplies needed new dwelling units and serves to relieve the market pressures which have fostered the conversion of existing dwelling units to hotel use. These interim controls are found and declared to be necessary to fulfill the purposes of this Code as stated in Section 101 hereof.

2. Standards. During the period of time and applicable to those developments described herein, development bonuses enumerated in this Section may only be permitted through conditional use authorization pursuant to Section 303 of this Code and only for hotel and residential uses.

3. Duration. The controls of this Subsection (e) shall be in effect until September 1, 1981.

4. Where applicable. These interim controls shall apply only to any development for which neither a building permit application nor a preliminary draft environmental impact report has been first filed with the City on or before January 3, 1980, provided that these interim controls shall not apply to any development which meets the following conditions:

(A) The Developer informed Department of City Planning in writing by March 1, 1979 of intent to develop by filing schematic or preliminary plans and requesting Department of City Planning review, and continued thereafter with diligent efforts leading to the future filing for a building permit, including but not necessarily limited to:

(1) Continued discussion between developer, architects and Department of City Planning of development guidelines and/or critique of proposed building designs, and

(2) Contracting for preparation of an environmental impact report, with subsequent discussion between the consultant and the Department of City Planning concerning the project prior to May 1, 1979, and

(3) Professional preparation of technical data for environmental evaluation, and

(4) Professional preparation of plans necessary for obtaining a building permit; and

(B) The developer filed applications for demolition permits for existing buildings on the site to be developed by August 1, 1979.

The controls shall not apply to any Redevelopment Project Area for which a Redevelopment Plan has heretofore been adopted.

5. Relationship to other standards. The provisions of this Subsection (e) shall apply in addition to all other provisions of this Code. In cases of inconsistency among provisions, the most restrictive provision shall prevail.

Upon sale, transfer or relocation of an escort service, the permit and license therefor shall be null and void unless approved as provided in Section 1074.25 herein; provided, however, that upon the death or incapacity of the permittee, the escort service may continue in business for a reasonable period

of time to allow for an orderly transfer of the permit.

If the permittee is a corporation, a transfer of 25 percent of the stock ownership of the permittee will be deemed to be a sale or transfer and the permit and license therefor shall be null and void unless approved as provided in Section 1074.25 herein; provided, however, that the provision shall not apply to a permittee corporation, the stock of which is listed on a stock exchange in this Staate or in the City of New York, State of New York, or which is required by law to file periodic reports with the Security and Exchange Commission.

Sec. 1074.22. Prohibited Activities.

(A) No person, while acting as an escort in an escort service, shall engage in any type of criminal conduct with a customer of an escort service.

(B) No person who is a patron of an escort service shall place or cause to be placed in the daily register a false name or address.

Sec. 1074.23. Counseling or Assisting.

No person shall permit, counsel or assist any other person in the violation of any provision of this Article.

Sec. 1074.24. License Fees.

Every permittee who conducts or assists in conducting any

escort service as defined herein shall pay to the Tax Collector a license fee of $144 annually, payable in advance. The license fee prescribed in this section is due and payable on a calendar year basis starting 45 days after the effective date of this Article prorated with regard to the calendar year on a monthly basis. Fees for new licenses issued after the first day of January 1981 or in any subsequent calendar year shall be prorated with regard to the calendar year on a monthly basis.

Sec. 1074.25. Transfer or Assignment of Permit.

No permit shall be transferred or assigned except with the written consent of the Chief of Police. An application for such a transfer shall be in writing and shall be accompanied by a filing fee of $50. The written application for such transfer shall contain the same information as required herein for an initial application for such a permit.

Sec. 1074.26. Penalty: Misdemeanor or Infraction.

(c) The complaint charging such violation shall specify whether the violation charged is a misdemeanor or an infraction.

Such charging decisions shall be at the sole discretion of the District Attorney.

(d) Nothing herein shall prohibit the District Attorney from exercising the discretion vested in him by law to charge an operator, employee, or any other person associated with an escort service with violating this or any other local or state law.

Sec. 1074.27. Penalty: Limited Suspension or Revocation.

Any permit issued under the terms of this Article may be suspended for a period of 30 days by the Chief of Police if the Chief of Police deems, after a noticed hearing, that violation of this article or any provisions of the Municipal Code has occurred or when any of the rules or regulations adopted by the Chief of Police pursuant to this article are violated. A permit may also be revoked for such violation as set forth in Section 1074.15 above.

Sec. 1074.28. Time Limit for Obtaining Permit.

All premises required to obtain a permit and license pursuant to this Article must obtain a permit within 60 days of the effective date of this Article; failure to do so shall make continued operation of said escort service a violation of Section 1074.2 hereof.

Sec. 1074.29. Rules and Regulations.

The Chief of Police may adopt rules and regulations supplemental to this article and not in conflict therewith.

Sec. 1074.30. Severability.

If any section, subsection, subdivision, paragraph, sentence, clause or phrase of this Article, or application thereof to any person or circumstances, is for any reason held to be unconstitutional or invalid or ineffective by any court of competent jurisdiction, such decision shall not affect the validity or effectiveness of the remaining portions of this Article or any part thereof. The Board of Supervisors hereby declares that it would have passed such section, subsection, subdivision, paragraph, sentence, clause or phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional or invalid or ineffective.

Be it ordained by the People of the City and County of San Francisco:

Section 1. The Salary Standardization Ordinance for Fiscal Year 1981-82, Ordinance No. 132-81 is hereby amended by amending Section II.A.1 thereof to read as follows:

Sec. II.A.1.

Unless otherwise provided in this ordinance, a normal work day is a tour of duty of eight (8) hours completed within not more than nine (9) hours.

Upon request of the appointing officer, the Civil Service Commission may authorize work schedules for executive, administrative or professional employees, or Airport Police Officer classifications, Sheriff's sworn classifications or 7412 Automotive Service Workers Assistant Supervisor, which are comprised of eight (8) hours within twelve (12) or a forty (40) hour work week in four, five or six consecutive days. Such change in the number of work days shall not alter the basis for, nor entitlement to, receiving the same rights and privleges as provided all five-day, forty-hour-a-week employees.

All classifications of employees having a normal work day of eight (8) hours within nine (9) hours may voluntarily work in flex-time programs authorized by appointing officers and may voluntarily work more than or less than eight (8) hours within twelve (12) hours, provided, that the employee must work five (5) days a week, eighty (80) hours per payroll period, and must execute a document stating that the employee is voluntarily participating in a flex-time program and waiving any rights he or she may have on the same subject

contained in a memorandum of understanding.

Employees in classifications 2320 Registered Nurse and 2321 Institutional Registered Nurse may voluntarily work twelve (12) hours shifts when authorized by the appointing officer, provided such twelve-hour shifts shall not alter the basis for, nor entitlement to, receiving the same rights and privileges as provided all five-day, forty-hour-a-week employees and provided further that said employees shall be entitled to overtime compensation for work only in excess of eighty (80) hours per payroll and provided further that said employees shall accumulate compensatory time-off at the rate of time and one-half (1-1/2) only for time worked in excess of eighty (80) and less than eighty-four (84) hours per payroll period.

Upon request of the union to any City department, the Board of Supervisors authorizes any department head, board or commission to meet and confer with the union on proposals offered by the union or the department relating to alternate scheduling of working hours for all or part of a department. Such proposals may include but are not limited to core-hour flex-time, full time work weeks or less than five (5) days or a combination of plans which are mutually agreeable to the union and the department concerned. It is the intent of the Board that the work year shall continue to be two thousand eighty (2080) hours (2088 in leap years) and that overtime shall be earned on a daily and weekly basis provided, however, the union and the affected department may mutually agree on cost equivalent alternative scheduling practices. AMENDMENT OF THE WHOLE
AS AMENDED IN BOARD 6/8/81
AND 6/15/81.

File No. 162-81-4 ORDINANCE No. 330-81

AMENDING THE SAN FRANCISCO ADMINISTRATIVE CODE BY AMENDING CHAPTER 41 THEREOF, REVISING DEFINITIONS, NOTICE REQUIREMENTS, REPORTING REQUIREMENTS, TIME LIMITS, EXEMPTIONS AND PENALTIES OF THE RESIDENTIAL HOTEL UNIT CONVERSION AND DEMOLITION ORDINANCE.

Be it ordained by the people of the City and County of San Francisco:

Section 1. The provisions of Ordinance 15-81 as amended by Ordinance 106-81 are hereby repealed; however, this section may not be interpreted to have abolished any cause of action arising out of Ordinance 564-79 and Ordinance 15-81 as amended by Ordinance 106-81 and which cause of action is pending before the Superior Court or the Department of Public Works as of the effective date of this ordinance.

Section 2. Chapter 41 of the San Francisco Administrative Code is hereby amended to read as follows:

CHAPTER 41

Residential Hotel Unit Conversion and Demolition

Sec. 41.1. Title.

This Chapter shall be known as the Residential Hotel Unit Conversion and Demolition Ordinance.

Sec. 41.2. Purpose.

It is the purpose of this ordinance to benefit the general public by minimizing adverse impact on the housing supply and on displaced low income, elderly, and disabled persons resulting from the loss of residential hotel units through their conversion

and demolition. This is to be accomplished by establishing the status of residential hotel units, by regulating the demolition and conversion of residential hotel units to other uses, and by appropriate administrative and judicial remedies.

Sec. 41.3. Findings.

The Board of Supervisors finds that

(a) There is a severe shortage of decent, safe, sanitary and affordable rental housing in the City and County of San Francisco and this shortage affects most severely the elderly, the disabled and low-income persons.

(b) The people of the City and County of San Francisco, cognizant of the housing shortage in San Francisco, on November 4, 1980, adopted a declaration of policy to increase the city's housing supply by 20,000 units.

(c) Many of the elderly, disabled and low-income persons and households reside in residential hotel units.

(d) A study prepared by the Department of City Planning estimated that there were only 26,884 residential hotel units in the City in December of 1979, a decrease of 6098 such units from 1975. The decrease is caused by vacation, conversion or demolition of residential hotel units. Continued vacation, conversion or demolition of residential hotel units will aggravate the existing shortage of affordable, safe and sanitary housing in the City and County of San Francisco.

(e) As a result of the removal of residential hotel units from the rental housing market, a housing emergency exists within

the City and County of San Francisco for its elderly, disabled and low-income households.

(f) Residential hotel units are endangered housing resources and must be protected.

(g) The Board of Supervisors and the Mayor of the City and County of San Francisco recognized this housing emergency and enacted an ordinance which established a moratorium on the demolition or conversion of residential hotel units to any other use. The moratorium ordinance became effective on November 23, 1979.

(h) The conversion of residential hotel units affects those persons who are least able to cope with displacement in San Francisco's housing market.

(i) It is in the public interest that conversion of residential hotel units be regulated and that remedies be provided where unlawful conversion has occurred, in order to protect the resident tenants and to conserve the limited housing resources.

(j) The tourist industry is one of the major industries of the City and County of San Francisco. Tourism is essential for the economic well being of San Francisco. Therefore, it is in the public interest that a certain number of moderately priced tourist hotel units be maintained especially during the annual tourist season between May 1 and September 30.

(B) The designation by room number and location of the residential units and tourist units as of seven (7) calendar days prior to the date of filing the report;

(C) The total number of residential and tourist rooms in the hotel as of seven (7) calendar days prior to the date of filing the report.

(c) Insufficient Filing

If the requested information is not furnished, all the guest rooms not supported by evidence shall be deemed to be residential units.

(d) Certification of Units

The Superintendent of the Bureau of Building Inspection shall review the information and accompanying supporting data. A certified copy of hotel tax returns for the calendar year 1979 may be used to establish the number of tourist units. If, in the opinion of the Superintendent of the Bureau of Building Inspection, the initial unit usage report is supported by adequate supporting evidence, he shall certify the number of residential and tourist units within ninety (90) calendar days of its submission. The owner or operator shall have the burden of proving the number of tourist units claimed by a preponderance of evidence.

Notwithstanding any other provisions in this Chapter, if an owner or operator took possession of the hotel operation after September 23, 1979 and before June 15, 1981, and if the owner or operator can demonstrate that good cause exists why he/she cannot obtain supporting evidence from the previous owner or operator to file the initial report, the owner or operator shall base his filing on information available to him two weeks after he took possession of the hotel; any units which are vacant on that date shall be allocated equally between tourist and residential uses; provided that a permanent resident may rebut this presumption by clear and convincing evidence.

After the Superintendent of the Bureau of Building Inspection certifies the number of residential and tourist units, he shall issue a certificate of use for one year. A notice t...

copy of the certificate of use is available for inspection between the hours of 9:00 a.m. and 5:00 p.m. Monday through Friday must be posted.

(e) Failure to File Statement of Exemption, Claim of Exemption and Initial Units Usage Report

If no initial units usage report, or statement of exemption, or a claim of exemption based on partially completed conversion, or a claim of exemption based on low-income housing for all of the guest rooms, is filed for a hotel within the time set forth in Section 41.6(b), the Superintendent of the Bureau of Building Inspection shall mail a notice to the owner or operator of record by registered or certified mail stating that all the rooms in the hotel shall be deemed residential units unless the owner or operator files a unit usage report within ten (10) calendar days of the mailing date of said notice and that a late filing fee of Fifty Dollars ($50.00) will be assessed in addition to the fee set forth in Section 41.8 of this Chapter. If the owner or operator fails to submit a unit usage report within ten (10) calendar days after notification by the Bureau of Building Inspection, a certificate of use for residential units only shall be issued.

(f) Appeal of Initial Determination

An owner or operator may appeal the initial unit status determination by the Superintendent of the Bureau of Building Inspection provided that there was no challenge pursuant to the provisions of subsection (g) below, and further provided that an appeal is filed within ten (10) calendar days of the mailing of the certification. If an appeal is filed, a copy of the notice of appeal shall be posted by the owner or operator and a hearing pursuant to the provisions of Section 41.8(b) shall be scheduled.

(g) Challenge; Standing; Statute of Limitation

Challenges to the information contained in the initial status determination report filed by the owner or operator may be filed by an interested party in writing provided that it is submitted within fifteen (15) calendar days from the date the report to the Bureau of Building Inspection is filed. Upon receipt of a challenge, a hearing shall be held by the Superintendent of the Bureau of Building Inspection or his designee pursuant to the provisions of Section 41.8(b). The owner or operator shall have the burden of proving by a preponderance of evidence that the information filed is correct.

(h) Daily Log

Following the effective date of this ordinance, each residential hotel shall maintain a daily log containing the status of each room, whether it is occupied or vacant, whether it is used as residential unit or tourist unit and the name under which the occupant is registered. Each hotel shall also maintain copies of rent receipts showing the amount and period paid for. The daily log shall be available for inspection pursuant to the provision of Section 41.8(c) of this Chapter upon demand between the hours of 9:00 a.m. and 5:00 p.m. between Monday and Friday.

Sec. 41.7. Annual Unit Usage Report.

Sec. 1.

Part II, Chapter X, San Francisco Municipal Code (Public Works Code) is hereby amended by amending Sections 159, 179, 339, 340, 352, 707, 708.2, 716, 723.1, 723.2, 724.1, 724.2, and 725.3 thereof, to read as follows:

When any application for a permit for a sidewalk flower-vending permit shall be granted by the Director of Public Works, the same shall be delivered to the permittee only upon the payment of the first quarter's permit fee due thereon, and the payment of the same shall be endorsed on said permit, and said permittee shall thereafter pay quarterly, in advance, the permit fees herein provided for, and on the failure to so do, said permit may be revoked by the Director of Public Works.

Sec. 179. Permit-Permit Fee. No owner or operator of a business establishment shall occupy any portion of a public sidewalk or roadway with tables and chairs for the convenience of his customers without first obtaining a permit to do so and paying the fees for said permit in accordance with the provisions of this Article. The permit fee shall be paid quarterly, in advance, by permittees with tables and chairs permits grantedunder this Article as well as those granted under Section 786 of the Public Works Code.

Upon receiving a written application, as provided in Section 335 of this Article, and one of the duplicate plats, when such plats are required, each bearing the approval of the City Engineer, and the general or special deposit required by Section 338 of this Article, the Department of Public Works shall issue a certificate in writing, which shall be evidence of the right of the person, firm or corporation therein named to make such excavation, and shall open and keep an account thereof; provided, however, that the Department of Public Works shall not issue such certificate unless the applicant has legal authority to occupy and use, for the purpose mentioned in the application, the streets, alleys, sidewalks or other public places covered by said application.

Such certificate shall state whether the work to be done is covered by a general or special deposit, and, if a special deposit, shall state the amount thereof and shall be a receipt therefor. No

The certificate shall state a time when all of the work to be done thereunder shall be completed and every such certificate shall become and be void unless the excavation to be made pursuant thereto is commenced within six (6) months from the date of issuance of said certificate and the work diligently prosecuted as in this Article required; provided, however, that the Department of Public Works may grant not to exceed one (1) extension of time for a period not exceeding thirty (30) days, such extension to be granted in the same manner as the original certificate.

(a) Penalty. In case any excavation made in accordance with any certificate shall not be refilled and the pavement restored within the time stated therein, or within the time as extended as herein permitted, then the sum of Twenty-five Dollars ($25.00) for each day such work is thereafter incompleted shall be deducted from the deposit made as required by Section 338 of this Article.

Sec. 352. Inspection Fees-Deductions from Deposits. The Department of Public Works shall deduct from the deposit made for any excavation under the provisions of this Article the following sums for each certificate under the authority of which the excavation was made to cover the cost of inspection, viz.: Twenty-five Dollars ($25.00) for each utility excavation in a street whether paved or not, and an amount to cover the actual cost of inspection for excavations other than utility excavations, as determined by the Department of Public Works.

SEC. 707. Award of Contract for Construction, Repair and Replacement of Sidewalks, etc. The Director of Public Works is authorized to invite annual bids in the manner provided in the Administrative Code, and to award a contract effective the first day of July of each year on a unit cost basis for the construction, repair and replacement of sidewalks, driveways, curbs, and gutters where the obligation to perform such construction, repair or replacement is that of the property owner. In addition to insuring the City and County, its officers and employees in their capacities as such as required by the Standard Specifications of the Bureau of Engineering, the Contractor shall also name as additional insured the owners of property who are jointly responsible for sidewalk repair, but such insurance shall apply only as respects operations performed by the Contractor in connection with this Section. Should the owner fail to pay the Contractor the amount of said bill within 30 days, the Contractor shall give written notice of said failure to the Director of Public Works who, upon determining that the work has been satisfactorily performed, shall cause payment to be made to the Contractor from

a revolving fund, which shall consist of such monies as may be appropriated for these purpooses, and cause a lien to be placed upon the owner's property in the amount of said payment as provided in Sections 706.4, 706.5, 706.6, and 706.7 of this article, and the amount of said payment shall constitute a lien against said property which shall be enforced, collected, and released as provided in said Sections. The Director of Public Works shall make quarterly reports to the Board of Supervisors showing a general accounting of the aforementioned revolving fund. The necessary funds shall be appropriated annually for the preparation of contracts, taking of bids and entering into contracts. Each such contract shall provide that the Director of Public Works shall have the power to prescribe the procedures to be followed and specify the forms to be used for the reports to be rendered in the administration of the work to be performed thereunder. Each such contract shall provide that the Contractor shall deposit with the Director of Public Works a sum sufficient top defray costs of inspections by City inspectors on each job for which a work order is issued, calculated as follows: a minimum of $10.00 for the first 100 square feet, or fraction thereof, of sidewalk, driveway, curb or gutter construction, repair or replacement, and $5.00 for each additional 100 square feet or fraction thereof.

SEC. 708.2. Permit for Construction, Repair, or Replacement of Sidewalks-Inspection Fee. Every applicant for such a permit shall pay the said department, as an inspection fee, a sum of

Ten Dollars ($10.00) for the first one hundred (100) square feet or fraction thereof, of sidewalk construction, repair or replacement and, in addition, shall pay a sum of Five Dollars ($5.00) for each additional 100 square feet or fraction thereof, unless the work is covered by Section 707 of this code. SEC. 716. Permit Required-Fee. It shall be unlawful for any person, firm or corporation to commence or proceed with the construction of any such automobile runway within the City and County of San Francisco, unless a permit therefor shall have been first obtained from the Department of Public Works, unless the Director of Public Works decides that no permit is needed.

Before the issuance of such permit the applicant therefor shall be required to pay to the said department, as an inspection fee, the sum of Thirty-Four Dollars ($34.00) for each nine (9) feet, or fractional part thereof, of the sidewalk frontage of the proposed automobile runway.

SEC. 723.1. Sidewalk Barriers. The Department of Public Works may grant permission, revocable at the will of the Director of Public Works, to owners of property abutting any court, alley or narrow street to install and maintain barriers of an approved design, spacing and location in the sidewalk fronting their property where necessary to control illegal vehicular parking or driving in sidewalk areas.

The owner of the abutting property, or his authorized agent applying for a permit to install and maintain sidewalk barriers shall agree to hold harmless the City and County of San Francisco, its officers, agents, and employees, from any damage or injury caused by reason of the installation or maintenance of the barriers in the sidewalk, and the owner or owners or subsequent owner or owners of the respective property shall be solely liable for any damage or loss occasioned by any act or neglect in respect to the installation or maintenance of the barriers in the sidewalk.

Before the issuance of the permit, the applicant therefor shall be required to pay to the said Department, as an Inspection Fee, the sum of Sixty Dollars ($60.00) for each Twenty-five (25) feet, or fractional part thereof, of the sidewalk frontage of the property.

A copy of each permit issued under the provisions of this Section shall be recorded in the office of the Recorder of the City and County of San Francisco.

The Board of Supervisors shall have the right of approval and/or revocation of any permit for the installation and maintenance of barriers on public sidewalks.

SEC. 723.2. Minor Sidewalk Encroachments. The Director of Public Works may grant permission, revocable at his will, to an owner of property abutting any court, alley or street to install and maintain minor encroachments such as fences, retaining walls, steps or stairways and other minor structures in the sidewalk

fronting such property where such encroachments are desirable or convenient in conjunction with the owner's use and enjoyment of his property, or required for the safety, convenience and comfort of the public using the sidewalk.

Such encroachments shall not occupy more than ten percent (10%) of the area of the sidewalk fronting the property nor more than twenty-five percent (25%) of the width of the sidewalk, unless the Director of Public Works determines that such restrictions are not applicable due to the nature of the encroachment. The Director may require further restrictions or modifications and he may stipulate such conditions as he deems necessary. No advertisement shall be permitted on the encroachments.

In considering the issuance of permits under the provisions of this section, the Director of Public Works shall give due regard to the location, neighborhood pattern, anticipated pedestrian traffic, access requirements of the Fire Department, and to the convenience and necessities of the owners, occupants or tenants of offices, stores or shops in the vicinity.

The owner of the real property or his authorized agent applying for a permit under the provision of this section shall agree to hold harmless the City and County of San Francisco, its officers, agents, and employees, from any damage or injury caused by reason of the installation or maintenance of the encroachment in the sidewalk, and the owner or owners or subsequent owner or owners of the respective real property shall be solely liable for

any damage or loss occasioned by any act or neglect in respect to the installation or maintenance of the encroachments in the sidewalk.

Each permit issued under the provisions of this section shall not become effective until the permit has been signed by the owner or his authorized agent and a copy thereof has been recorded in the office of the Recorder of th City and County of San Francisco; provided, however, that within ten days following the approval of a permit by the Director, any person may file a notice of appeal with the President of the Board of Supervisors, who shall then refer such matter to the appropriate committee of the Board for hearing.

Pending decision by the Board of Supervisors, the permit approval by the Director shall be suspended.

Upon denial of a permit by the Director, an applicant may, within ten days, file a notice of appeal to the President of the Board of Supervisors, who shall then refer such matter to the appropriate committee of the Board for hearing, which committee shall act pursuant to the Rules of the Board of Supervisors.

Before issuance of the permit, the applicant shall be required to pay to the Department of Public Works a fee needed to equal the actual cost of inspection and investigation as determined by the Department of Public Works, not to exceed $200.00. All payments received under the provisions of this section shall be deposited to the Special Engineering Inspection Fund of said Department.

Nothing in this section shall be construed as authorizing the Director of Public Works to grant permit for any encroachment which he determines to be inimical to the health, welfare, safety and best interest of the general public, or in violation of the Charter or laws of the City and County of San Francisco or laws of the State of California.

The Board of Supervisors shall have the right of approval and revocation of any permit issued under the provisions of this section. The Board of Supervisors reserves the right to exact a license fee or rental for the use of the sidewalk space permitted under the provisions of this section.

SEC. 724.1. Temporary Occupancy of Street-Deposit Required. A deposit of forty Dollars ($40.00) will be required for each fifty feet (50') of the lot frontage, or fraction thereof, as a guaranty that the permittee will remove all dirt, debris, materials and equipment from the street in the allotted time and restore the payment to its original condition. If not so removed the Director, after five (5) days' notice in writing posted on the premises, may use as much of the guaranty money as is necessary for cleaning the street, removing materials and equipment, and restoring the pavement. For continuous building operations, a surety bond in the amount of Two Thousand Dollars ($2,000.00), approved as to form by the City Attorney, may be accepted in lieu of a cash deposit to guarantee that the work herein described will be faithfully executed.

Sec. 724.2 Temporary Occupancy of Street-Fees to Be Paid. No permit shall be issued for the temporary occupancy of the street for building operations unless a fee shall have been paid, equal to one-tenth of one percent (0.1%) of the total estimated cost of the proposed construction, with a minimum fee of Ten Dollars ($10.00).

For temporary occupancy for any purpose, other than a building operation, the fee shall be Ten Dollars ($10.00).

Sec. 725.3 Permit Conditions and Inspection Fees. Debris box permits shall be issued only to debris box owners who have registered with the Bureau of Engineering of the Department of Public Works. The permit for each box shall be issued upon payment of an inspection fee of Five Dollars ($5.00). An issued permit shall be affixed securely to the exterior of either end of the box.

The Director of Public Works is authorized to revoke a debris box permit when, in his opinion, the public interest or convenience is best served by such action. Within twenty-four (24) hours after notification by the said Director of a permit revocation, the debris box shall be removed from the street area by its owner, No further permits shall be issued for that location until the conditions which have caused the revocation of the permit shall have been abated to the satisfaction of said Director.
